## “Striking Perfection”

Professional service and repairs to all percussion instruments.

## Percussion Instrument Manufacture

### QPP XYLOPHONES

Queensland Percussion Products professional model xylophones have been designed to produce the finest tone quality using bars of carefully selected, aged Honduras Rosewood, hand finished and accurately tuned. All bars are supported by a soft durable cord at their precise nodal points to produce maximum resonance from each bar.

### PROFESSIONAL MODELS

*Model/P4* – Range: 4 Octaves  
C4 - C8. Pitch: A=440

Bars: Select Honduras Rosewood.  
Bar size 38mm x 20mm.

*Model/P 3.5* – Range: 3.5 Octaves  
F4 – C8. Pitch: A=440

Bars: Select Honduras Rosewood.  
Bar size 38mm x 20mm.

The P3.5 offers the same fine quality and workmanship as P4 over a 3.5 octave range, F-C.

An ideal instrument for both the professional and student.

### STUDENT MODELS

The S3 and S3T instruments meet the exacting standards of both professional models but are primarily designed for the student. Bars are made from select Padauk.

*Model/S3* – Range: 3 Octaves  
C5 - C8. Pitch: A=440

Bar size 38mm x 20mm.

*Model/S3T* – Range: 3 Octaves  
C5 – C8. Pitch: A=440

Bar size 38mm x 20mm.

Desk top model -

(No stand or resonators)

- QPP Trap tables  
Model T1- flat tray

## Accessories, Repairs and Service

### TRAP TABLES

QPP Trap tables are available in two different models to suit your needs. Both models are supplied standard with an interchangeable cymbal / triangle holder as well as a short connecting rod to convert to a convenient flat style tray. *Model T1* is a flat carpeted tray 400 mm x 600 mm ideal for sticks, mallets, tambourines, etc. *Model T2* has three sides edged with timber to prevent your sticks and mallets from rolling off.

### TRIANGLE BEATERS

Rod - style triangle beaters are available in three different weights. Light, Medium and Heavy. These are supplied as a set of three pairs together with a vinyl case.

QPP premium stainless tubular style beaters are also available upon request.

### INSTRUMENT REPAIRS AND SERVICE

Queensland Percussion Products offers an outstanding repair service to all percussion instruments. Precise fundamental and overtone tuning to all keyboard percussion instruments together with expert service to all brands of Timpani. Contact us for all your percussion repairs.

### ORFF SCHULWERK INSTRUMENTS

Why not have your Orff Schulwerk instruments repaired by QPP? We will replace perished rubber tube with long lasting silicone; replace broken pins and retune notes for a fraction of retail cost.

### CUSTOM ROAD CASES

We can custom make road cases for any application. - (Marimba, Timpani, Concert Bass Drum etc.) Call to discuss your requirements.

### HISTORY

Established in 1992, *Queensland Percussion Products* specialises in the manufacture of fine quality percussion instruments and accessories. We also offer a highly skilled repair service for all percussion instruments. The pursuit of excellence in innovative instrument design has seen QPP travel to the USA, Canada, UK and Europe studying the techniques of some of the world's leading percussion instrument manufacturers. QPP regularly presents workshops and master classes on instrument design and maintenance throughout Australia and internationally.
