Custom Classic Series 4000 Marimbas

New affordable 5.0 octave marimba! - We are proud to introduce the first 5.0 octave marimba at a truly affordable price point. Please check our price list and ask for our special offer.

VANCORE CCM 4010 African Padauk

Tunable resonators

After years of research, our R&D team has chosen rectangular bass resonators which produce an optimum of resonance and projection in lower registers. The resonators are tunable now!! In addition, our skilled tuning experts expertly tune each resonator to exacting pitch standards.
